

Vanesa Ledesma V.

UX Designer | Web designer | San Luis, Argentina | Whatsapp: 2664214124 / 2665033106 | email: vanesaledesma90@gmail.com | <https://www.linkedin.com/in/vanesa-vasquez/> | [Portfolio UX](#)

RESUMEN

I am a UX designer with 4 years of experience as a digital designer, focused on research, strategy, and business vision. I also have 3 years of experience as a web designer. I have led Discovery and validation processes in complex environments (CRM, B2B). My goal is to create digital products that work for people and meet business objectives, combining empathy, analysis, and creativity.

SKILLS AND TOOLS

Visual Design (UI): Proficiency in composition, typography, color theory, spacing, and visual consistency.

Prototyping: Figma (Advanced: Variables, Auto-layout), FigJam, Miro, Adobe Creative Suite, UXcel, Framer, Canva, and PAPER.

UX Research: User Interviews, Usability Testing (Moderated/Unmoderated), Surveys, Card Sorting, Tree Testing, Desk Research. Tools: Useberry, Bullpark, SurveyMonkey, TypeForm, Google Forms, Maze, Proto, Google Analytics, and Clarity. Documentation analysis and heuristic evaluations; creation of research agents and User Test lab with Agents.

UX Design: Design Systems (Atomic Design), Information Architecture, User Personas, User Flow, Sitemap, Navigation Flow, Journey Map, Interaction Design, Accessibility (WCAG), Agile Methodologies (Scrum/Jira), Heuristic Evaluation, mobile-first methodology.

Development: HTML, CSS, Bootstrap, React, JS, PHP, SQL, WordPress, Shopify, SEO. Technical knowledge: Understanding of frontend logic (Angular/Flutter) to evaluate feasibility. Visual Studio Code, OpenCode, Antigravity, Android Studio for project implementation. Use of markdown and MCP (Project Harness).

Generative AI: Integration of AI tools in the design process to quickly test multiple UI proposals, conceptualize ideas, and curate visual assets, reducing exploration time without compromising visual craft.

Interaction Design: Hyperframe in OpenCode, prototypes, and Figma motion for interactions and microinteractions.

Language: English (B1)

EXPERIENCIA

Laboratorios Bagó (Consultora Be Proactive/Tecnosoftware) : *Senior UX/UI designer*

September 2022 - December 2025 | Contact: Sebastian Poszaski (+5491128197560)

Investigation and Validation: I planned and executed mixed research strategies (qualitative/quantitative). I conducted moderated and unmoderated usability tests and in-depth interviews, validating hypotheses that increased the adoption of new functionalities. User behavior analysis using heatmaps and recordings in Microsoft Clarity. I designed each user flow, defining user flows documented in Jira and mapping error cases.

Design Phase Leadership: Full responsibility for design in Figma and prototyping for the commercial area's CRM web and mobile platforms. I performed UI audit and visual design guidelines. I transformed complex business requirements into intuitive user flows.

Collaboration with Development: I worked closely on information architecture with engineering teams to ensure technical viability, optimizing the end-user experience.

Design Systems: I led the documentation and standardization of components and patterns, facilitating consistency and creating an accessible knowledge base for the UX team.

Disprofarma (Consultora Be Proactive): *UX/UI designer*

June 2022 - August 2022 | Contact: Emanuel Cagossi (cagossiemmanuel@gmail.com)

B2B E-commerce: I redesigned transactional and order tracking flows on the web platform.

Information Architecture: I simplified the navigation of large volumes of data to facilitate customer self-service.

UX/UI & Frontend Developer Consultant (Freelance):

January 2019 - June 2022 | Contacto de referencia:

E-commerce Development: Design and implementation of online stores (WooCommerce/Tienda Nube), focused on conversion and shopping experience (Checkout, Catalog, Payments).

Comprehensive Vision: Execution of the complete lifecycle: from needs assessment and branding to Frontend development (HTML/CSS/JS) and launch.

Clients: Mapfre Seguros (Sitios heredados), Rubra Eventos, Hospital Italiano.

FORMACIÓN

Tecnicatura en Diseño de Apps Mobile | UNNOBA (Trabajo final en curso)

Diseño de Producto y UX | Academia Platzi

Diplomatura en Programación Full Stack (React.js) | UTN FRBA

Tecnicatura en Diseño Web | Universidad Nacional de San Luis
